LPG Gas Safety Training Awareness

This course provides the necessary information and practical instruction to make delegates aware of the dangers involved in the use of LPG.

The course covers current health and safety legislation including the L.O.L.E.R. and P.U.W.E.R. Regulations, as well as safe practices and ensuring the equipment is used correctly and safely at all times.

- Course Location:** On-Site at your premises
- Course Duration:** 1 Full Day, 10.00am-4.00pm (date to suit you) or earlier start time if preferred (e.g. 8am-2pm)
- No. of Delegates:** 10 delegates max

Course Content

At the end of the course delegates will have covered:

- General safety and hazard awareness
- Checking gauges
- Checking gas meters
- Checking welding and/or cutting equipment
- Correct settings
- Correct use of equipment
- The requirements of the P.U.W.E.R. Regulations in relation to Gas Equipment
- Relevant additional Regulations
- Relevant Sections of The Health & Safety at Work Act 1974 and Management of Health and Safety at Work Regulations 1992
- Practical exercises and testing of delegates

Delegates Receive:

LPG Gas Safety Awareness Certificate, course notes and pen.
