TRAINING & SERVICES LTD

*Better People, Better Business®*

## Alloy Towers Training

- Course Location:** On-Site at your premises
- Course Duration:** 1 Full Day (dates to suit you)
- No. of Delegates:** 12 delegates max

### Who Should Attend

*The course is aimed at:*

Personnel who are involved in erecting, mobilizing, inspecting and dismantling Alloy Scaffold towers safely for short duration work.

### The Objectives of the Course

*Attendees should complete the training with an understanding of the current legislation, employer and employee responsibilities, inspection procedure, avoiding risks, reducing injuries and correct erecting, mobilizing and dismantling techniques.*

### Course Content:

- Legislation
- Codes of Practice
- Alloy Tower scaffold components
- Safe working practices
- Hazards
- Inspection
- Practical erecting
- Moving and dismantling of alloy scaffold towers

### Course Delivery Method

Lecture/Classroom, practical and theory assessment.

### PPE Required:

Protective footwear, suitable head protection, suitable clothing and gloves for the practical session.

### Delegate Experience Required:

A working knowledge of scaffolding would be an advantage but is not essential. All delegates MUST be physically fit and able to carry out any practical during the training.

### In-House requirements:

Suitable training room with table & chairs for each delegate, Tv & Video, OHP and Screen. Room for the practical as required. 4m high x 1.5m wide x 1.8m long alloy scaffold tower (MUST be in good working order and to relevant British Standards).
