*Better People, Better Business®*

## Hand Held Applicators

### Leading to PA6 (NPTC) Certification

The Control of Pesticides Regulations 1986 requires anyone who uses pesticides in the course of business or employment to have received adequate instruction and guidance in the safe, efficient and humane use of pesticides.

This intensive one day course is suitable for anyone involved in operating and maintaining hydraulic nozzle type knapsack sprayers.

\* Participants should have attended the course "Safe Use of Pesticides" or hold the recognised certificate of competence "Safe Use of Pesticides, Environment Factors and Legislation" - PA1 NPTC.

All course delegates receive a certificate of attendance. This course can lead by subsequent examination to the *NPTC PA6 Certificate* (which we can arrange).

#### Course Objectives

On completion of this course, delegates will be able to:

- Develop knowledge covering the requirements of current legislation
- Apply pesticides safely and efficiently with a hand held applicator fitted with hydraulic nozzles
- Identify and select appropriate nozzles, carry out machine preparation and calibration
- Operate the equipment in compliance with current legislation and codes of practice
- Clean equipment, and dispose of unwanted containers
- Identify and rectify faults and recognise conditions when spraying is advisable

**Course Location:** On-Site at your premises

**Course Duration:** 1 Full Day, 8.30-4.30/9.00-5.00 (date to suit you)

**No. of Delegates:** 12 delegates max

#### Delegates receive:

Work Book, Certificate of Attendance, folder and pen.
