TRAINING & SERVICES LTD

Better People, Better Business®

Safe Use and Inspection of Harnesses

- Course Location:** On-Site at your premises
Course Duration: 1 Half Day (dates to suit you)
No. of Delegates: 12 delegates max

Who Should Attend

The course is aimed at:

Personnel who as part of their operational duties, must carry out or supervise any projects when working at height which may involve the use of harnesses.

The Objectives of the Course

Attendees should complete the training with the ability to assess and suitably deal with the risks arising when working at height which may involve the use of harnesses.

Course Content:

- Legislation and regulations
- Inspection and maintenance requirements for harnesses
- Hazard and control measures to arrest the fall of personnel who are required to either work or supervise work in exposed areas.

Course Delivery Method

Lecture/Classroom, practical and theory assessment

PPE Required:

Protective footwear, suitable head protection, suitable clothing, harness and gloves for the practical session.

Delegate Experience Required:

A working knowledge of harnesses would be an advantage but is not essential. All delegates MUST be physically fit and able to carry out any practical during the service.

In-House requirements:

Suitable training room with table & chairs for each delegate, TV & Video, Projectors & Screen. Room for the practical as required.
