Low Level Scaffolding Training

- Course Location:** On-Site at your premises
- Course Duration:** 3 Full Days (dates to suit you)
- No. of Delegates:** 12 delegates max

Who Should Attend

The course is aimed at:

Personnel who are involved in erecting small low level scaffolds in the workplace.

The Objectives of the Course

Attendees should complete the training with the theory and practical knowledge of the current legislation to BS5973 standard and the erecting and dismantling of basic low level scaffolding.

Course Content:

- Legislation
- BS Standards
- Techniques when erecting and dismantling scaffolding
- Safe working practices
- Hazards
- Erecting and dismantling of basic scaffold platforms

Course Delivery Method

Lecture/Classroom, practical, assessment of practice test of legislation and standards.

PPE Required:

Protective footwear, suitable head protection, suitable clothing and gloves for the practical session. Scaffolding belt with spanner/scaffold hammer, level and tape. Harness with 55mm snap hook.

Delegate Experience Required:

A working knowledge of scaffolding would be an advantage but is not essential. All delegates MUST be physically fit and able to carry out any practical during the training.

In-House requirements:

Suitable training room with table & chairs for each delegate, OHP and white board. Large area to erect the scaffold. Scaffold equipment of suitable standard.
