OHSAS/ISO 18001 INTRODUCTORY TRAINING (1 Day)

A one day training course for those unfamiliar with the OHSAS 18001 standard and the operation of occupational health and safety systems.

Who should attend?

Managers and staff who are working within an OHSAS 18001 environment and are unfamiliar with the requirements of the standard.

Pre-Course Requirements: None

Course Location: On-Site at your premises

Course Duration: Two Full Days, 9.30am - 4.30pm (date to suit you)

No. of Delegates: 12 delegates max

At the end of this practical course, delegates will be able to:

- * Explain the purpose and structure of an occupational health and safety
- * Describe the management principles underpinning Environmental Management Systems
- * Understand the requirements of OHSAS 18001 as it applies to their own organisation
- * Identify sources of information to assist in identifying applicable legislation

This course covers the following areas:

- Explanation of the basic constituents of an occupational health and safety management system
- Benefits of an OHSAS 18001 system
- Overview of content of OHSAS 18001
- The registration process
- Sources of help

Delegates Receive:

OHSAS/ISO 18001 Introductory Training Certificate issued by NewGrange and course notes.
