## Safe Use of Pesticides

### Leading to PA1 (NPTC) Certification

The Control of Pesticides Regulations 1986 requires anyone who uses pesticides in the course of business or employment to have received adequate instruction and guidance in the safe, efficient and humane use of pesticides.

This intensive two day course is suitable for anyone involved in the storage, handling and application of pesticides, herbicides and fungicides. On completion of this course delegates can progress to Knapsack/Hand Held or Field Crop Sprayers.

All course delegates receive a certificate of attendance. This course can lead by subsequent examination to the NPTC PA1 Certificate (which we can arrange).

#### Course Objectives

On completion of this course, delegates will be able to:

- Develop knowledge covering the requirements of current legislation
- Learn how to use pesticides appropriately and safely
- Keeping proper records
- Understand how to store pesticides correctly
- Learn how to clean equipment
- How to safely dispose of unwanted pesticides and containers
- Cover procedures for dealing with contamination and poisoning incidents all without risk to self or third party

**Course Location:** On-Site at your premises

**Course Duration:** 2 Full Days, 8.30-4.30/9.00-5.00 (date to suit you)

**No. of Delegates:** 12 delegates max

#### Delegates receive:

Work Book, Certificate of Attendance, folder and pen.
